Miss Baldwin,
Assistant Principal,
P. S. 20,
Flushing, L.I., N. Y.

My dear Miss Baldwin:

I trust the enclosed letter to Mr. Mason meets the wishes that you outlined to Mrs. Wood. For anything further that I can do in serving you, please call upon me.

Very truly yours,

HW:MB
Encl.

He told me that when he gave the recent talk before the Flushing Chapter of the D. A. R., he went to Governor's Island and got the latest information and outlined to the authorities there what he was going to say. Therefore, I should judge his activities have not only the sanction of the War Department, but also their cooperation. I think he has given talks to children. At any rate, he has to the Boy Scouts, being connected with one of their organizations.

Very truly yours,

Curator
